

Oregon
Health
Authority

Oregon Health Authority (OHA) runs the Medicaid program for the entire state of Oregon, which is called the Oregon Health Plan (OHP). Non-emergent medical transportation (NEMT) is a covered OHP benefit.

Health Share of Oregon

Health Share of Oregon (HSO) is what's called a coordinated care organization (CCO). Health Share of Oregon works under OHA to serve OHP members in the tri-county area (Clackamas, Multnomah and Washington counties).

CareOregon, Kaiser Permanente, Legacy Health/PacificSource, OHSU and Providence Health & Services are insurance providers in the tri-county area that help Health Share CCO deliver care. Through their customer service and care coordination teams, they help make sure you have access to physical, dental and mental health care and substance use treatment. Transportation services are covered under these health plans.

RIDE
to CARE

Ride to Care helps you get to the health care appointments and services that Health Share covers. Ride to Care will work with you to find the NEMT service that fits your needs. This might be fare for public transportation, funds for mileage reimbursement or vehicle-provided rides. Ride to Care may also reach out to your health care provider to verify you are attending Medicaid-covered services.

Your primary care provider (PCP) might be a doctor, a nurse practitioner, a physician's assistant or a naturopath. They coordinate your care with CareOregon and other medical team members like dentists, mental health providers, pharmacists and others. Your PCP or other health care providers can help you arrange transportation, too.
